SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 8-K

**CURRENT REPORT PURSUANT TO
SECTION 13 OR 15(D) OF THE
SECURITIES EXCHANGE ACT OF 1934**

Date of Report (Date of earliest event reported) August 4, 2022

BECTON, DICKINSON AND COMPANY

(Exact Name of Registrant as Specified in Its Charter)

New Jersey

(State or Other Jurisdiction of Incorporation)

001-4802

(Commission File Number)

22-0760120

(IRS Employer Identification No.)

1 Becton Drive, Franklin Lakes, New Jersey

(Address of Principal Executive Offices)

07417-1880

(Zip Code)

(201) 847-6800

(Registrant's Telephone Number, Including Area Code)

N/A

(Former Name or Former Address, if Changed Since Last Report)

Check the appropriate box below if the Form 8-K Filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(e) under the Exchange Act (17 CFR 240.13e-4(e))

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of Each Class</u>	<u>Trading Symbol</u>	<u>Name of each exchange on which registered</u>
Common stock, par value \$1.00	BDX	New York Stock Exchange
Depository Shares, each representing a 1/20th interest in a share of 6.00% Mandatory Convertible Preferred Stock, Series B	BDXB	New York Stock Exchange
1.000% Notes due December 15, 2022	BDX22A	New York Stock Exchange
1.900% Notes due December 15, 2026	BDX26	New York Stock Exchange
1.401% Notes due May 24, 2023	BDX23A	New York Stock Exchange
3.020% Notes due May 24, 2025	BDX25	New York Stock Exchange
0.632% Notes due June 4, 2023	BDX/23A	New York Stock Exchange
1.208% Notes due June 4, 2026	BDX/26A	New York Stock Exchange
1.213% Notes due February 12, 2036	BDX/36	New York Stock Exchange
0.000% Notes due August 13, 2023	BDX23B	New York Stock Exchange
0.034% Notes due August 13, 2025	BDX25A	New York Stock Exchange

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On August 4, 2022, Becton, Dickinson and Company ("BD") issued a press release announcing its financial results for its third fiscal quarter ending June 30, 2022. A copy of the press release is furnished as Exhibit 99.1 to this report.

The press release furnished as Exhibit 99.1 contains certain financial measures that differ from those presented in accordance with U.S. generally accepted accounting principles ("non-GAAP measures"). Details regarding these non-GAAP measures and adjustments can be found in the schedules included in the press release furnished as Exhibit 99.1.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS.

Exhibit [99.1](#) Press release dated August 4, 2022, which is furnished pursuant to Item 2.02.

Exhibit 104 Cover Page Interactive Data File (embedded within the Inline XBRL document).

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

BD REPORTS THIRD QUARTER FISCAL 2022 FINANCIAL RESULTS

- Revenue from continuing operations of \$4.6 billion increased 0.7% as reported and 3.8% on currency-neutral basis
- Revenue from continuing operations driven by base revenue growth of 6.0% as reported, 9.3% currency-neutral
- Worldwide COVID-only testing revenues of \$76 million declined from \$300 million in the prior year
- GAAP diluted EPS from continuing operations of \$1.28; adjusted diluted EPS from continuing operations of \$2.66
- Company raises full year revenue and EPS guidance

FRANKLIN LAKES, NJ (August 4, 2022) - BD (Becton, Dickinson and Company) (NYSE: BDX), a leading global medical technology company, today announced results for its third quarter of fiscal year 2022, which ended June 30, 2022.

“Our BD2025 strategy continues to serve as our True North and has proven to be an effective, winning strategy as reflected in our continued strong performance, even amid a challenging macro environment,” said Tom Polen, chairman, CEO and president of BD. “Through our talented team’s focused execution and commitment to our purpose, we are advancing our Grow-Simplify-Empower initiatives, innovation pipeline and capital deployment strategy, which are all contributing to profitable growth. Looking forward, we expect continued momentum and remain well-positioned to drive long-term growth and value for all stakeholders.”

Recent Business Highlights

BD continues to advance its innovation-driven growth strategy, tuck-in M&A, and ESG initiatives.

- Acquired **Parata Systems**, entering high-growth **pharmacy automation** market segment by offering a comprehensive set of technologies across the care continuum, and furthering strategy to drive smart, connected care.
- Acquired **MedKeeper**, a provider of modern, cloud-based pharmacy management applications, including connected pharmacy software to support the preparation of compounded medications.
- Launched **BD COR™ System** in U.S. Fully automated, high-throughput infectious disease molecular diagnostic platform includes 510(k) cleared **BD COR™ MX instrument** that elevates standard of care for sexually transmitted infections.
- Obtained CE mark for **COVID-19 and Influenza A/B combination test** for **BD COR™ MX**.
- Launched CE marked **BD MAX™ respiratory viral panel for COVID-19, Influenza A/B and Respiratory Syncytial Virus**.

- Unveiled **BD FACSDiscover™ S8 cell sorter** at International Society for Advancement of Cytometry CYTO 2022 conference. World's first spectral cell sorter with high-speed imaging technology that sorts cells based on visual characteristics.
- Issued **2021 ESG Report** with notable progress toward 2030+ ESG commitments, addressing energy, water and waste reduction, environmental impact of product portfolio and supplier diversification.
- Named a "Noteworthy Company" for the third straight year in DiversityInc's annual ranking of the **top U.S. companies for diversity**.
- Recognized as a **Best Place to Work for Disability Inclusion** for the fourth consecutive year. Perfect score on 2022 Disability Equality Index demonstrates progress in removing barriers and creating employment opportunities for people with disabilities.

Basis of Presentation— Continuing Operations

On April 1, 2022, the Company completed the spin-off of its Diabetes Care business as a separate publicly traded company named Embecta Corp. ("Embecta"). The historical results of the Diabetes Care business that was contributed to Embecta in the spin-off are now accounted for as discontinued operations. Financial information presented in this release reflects BD's results on a continuing operations basis, which excludes Embecta. Prior periods have been recast to conform to this presentation.

Third Quarter Fiscal 2022 Operating Results

(Millions of dollars, except per share amounts)	Three Months Ended June 30,		Change	Foreign Currency Neutral Change ¹
	2022	2021		
Revenues	\$ 4,641	\$ 4,607	0.7 %	3.8 %
Base Revenues¹	\$ 4,565	\$ 4,307	6.0 %	9.3 %
Base Organic Revenue Growth¹			5.5 %	8.8 %
Reported Diluted Earnings per Share	\$ 1.28	\$ 1.32	(3.0) %	(10.6) %
Adjusted Diluted Earnings per Share¹	\$ 2.66	\$ 2.28	16.7 %	13.2 %

¹Represents a non-GAAP financial measure; refer to reconciliations of non-GAAP financial measures included in the attached financial tables. Base revenues denotes total revenues less estimated revenues for COVID-19-only diagnostic testing. Base Organic Revenue Growth excludes the contribution from inorganic revenues from acquisitions, which is defined as the amount of revenues recognized during the first 12 months post-acquisition.

Geographic Results

Revenues (Millions of dollars)	Three Months Ended June 30,		Reported Change	Foreign Currency Neutral Change ¹
	2022	2021		
United States	\$ 2,643	\$ 2,424	9.0 %	9.0 %
International	\$ 1,998	\$ 2,182	(8.4) %	(1.9) %
Total Revenues	\$ 4,641	\$ 4,607	0.7 %	3.8 %

¹Represents a non-GAAP financial measure; refer to reconciliations of non-GAAP financial measures included in the attached financial tables.

Segment Results

Third fiscal quarter revenue growth across the segments was driven by strong base business performance.

Revenues (Millions of dollars)	Three Months Ended June 30,		Reported Change	Foreign Currency Neutral Change ¹	Reported Change Base Revenues ¹	Foreign Currency Neutral Change Base Revenues ¹
	2022	2021				
BD Medical	\$ 2,191	\$ 2,091	4.7 %	7.9 %	4.7 %	7.9 %
BD Life Sciences	\$ 1,309	\$ 1,433	(8.7) %	(5.1) %	8.8 %	13.2 %
BD Interventional	\$ 1,142	\$ 1,082	5.5 %	7.9 %	5.5 %	7.9 %
Total Revenues	\$ 4,641	\$ 4,607	0.7 %	3.8 %	6.0 %	9.3 %

¹Represents a non-GAAP financial measure; refer to reconciliations of non-GAAP financial measures included in the attached financial tables. Base revenues denotes total revenues less estimated revenues for COVID-19-only diagnostic testing.

The BD Medical segment includes the Medication Delivery Solutions (MDS), Medication Management Solutions (MMS), and Pharmaceutical Systems (PS) business units. BD Medical revenue growth was driven by strong performance in MDS and PS.

- **MDS** performance reflects global competitive gains in catheters driven by strong momentum in our comprehensive vascular access management strategy despite COVID restrictions in China. Improved utilization year-over-year in the U.S. and Europe also contributed to MDS performance.
- **MMS** performance reflects continued strong momentum worldwide in our dispensing business driven by our connected medication management and pharmacy automation solutions. Worldwide performance in our infusion business was about flat, reflecting a similar level of demand in the U.S. for pumps under medical necessity compared to the prior year.
- **PS** performance reflects our strong leadership position in pre-fillable devices, supported by ongoing capacity expansion and supply availability that enabled our ability to meet increased demand for biologic drugs.

The BD Life Sciences segment includes the Integrated Diagnostic Solutions (IDS) and Biosciences (BDB) business units. BD Life Sciences performance reflects growth in the base business of 8.8% as reported and 13.2% on a currency-neutral basis and the decline in COVID-only testing revenues.

- **IDS** performance reflects a decline in COVID-only testing revenues, partially offset by strong growth in the base business. Base business growth was driven by continued adoption of our broader respiratory panel and leveraging the increased BD Max™ installed base, and growth in specimen management that reflects price management and continued production increases that enabled us to meet strong demand.
- **BDB** performance reflects continued strong demand for reagents driven by our antibody and dye strategy and continued adoption of our e-commerce platform. Strong instrument growth was driven by recent product launches and strategic procurement of critical components that enabled higher instrument placements.

The BD Interventional segment includes the Surgery, Peripheral Intervention (PI), and Urology & Critical Care (UCC) business units. BD Interventional revenue growth reflects strong performance across the segment.

- **Surgery** performance reflects strong growth worldwide in Advanced Repair and Reconstruction driven by continued market adoption of Phasix™ hernia resorbable scaffold and the acquisition of Tephra. Performance also reflects double-digit growth worldwide in biosurgery.
- **PI** performance reflects share gains driven by the return of Venovo™ to the market, continued global penetration of Rotarex™ and the acquisition of Venclose, which is expanding our focus across chronic disease settings. Growth was also aided by partial back-order recovery during the quarter. Partially offsetting this growth was a negative impact to deferrable procedures from macroeconomic factors such as labor constraints.
- **UCC** performance reflects continued strong demand for chronic female incontinence products in the acute care & alternative care settings. Strength in acute care was aided by back-order recovery during the quarter.

Assumptions and Outlook for Full Year Fiscal 2022

The company provided the following guidance with respect to its continuing operations for fiscal 2022.

The company raised and narrowed its full-year revenue and adjusted EPS guidance ranges.

- The company now expects fiscal year 2022 revenues to be in the range of approximately \$18.75 billion to \$18.83 billion compared to \$18.5 billion to \$18.7 billion previously announced, which reflects an increase of approximately \$190 million at the mid-point.
 - Revenue guidance for fiscal year 2022 now assumes base business currency-neutral revenue growth of 8.75% to 9.25% compared to 7.25% to 8.25% previously announced, which represents an increase of approximately 125 basis points, or approximately \$215 million at the mid-point.
 - The revenue guidance range now assumes up to \$500 million in COVID-19-only diagnostic testing revenues which is an increase of up to \$50 million compared to approximately \$450 million previously announced.
 - Based on current rates, foreign exchange would represent a reduction of approximately 225 basis points to total company revenue growth compared to approximately 200 basis points previously announced, which represents an incremental headwind of approximately \$50 million.
- The company now expects fiscal year 2022 adjusted diluted EPS to be \$11.28 to \$11.35, compared to \$11.15 to \$11.30 previously announced. This reflects an increase of \$0.09 at the mid-point that is driven by strong base business performance. The estimated incremental impact from foreign currency is expected to be minimal.

BD's outlook for fiscal 2022 reflects numerous assumptions about many factors that could affect its business, based on the information management has reviewed as of this date. Management will discuss its outlook and several of its assumptions on its third fiscal quarter earnings call.

The company's expected adjusted diluted EPS for fiscal 2022 excludes potential charges or gains that may be recorded during the fiscal year, such as, among other things, the non-cash amortization of intangible assets, acquisition-related charges, spin related charges, and certain tax matters. BD does not attempt to provide reconciliations of forward-looking adjusted diluted non-GAAP EPS guidance to the comparable GAAP measure because the impact and timing of these potential charges or gains is inherently uncertain and difficult to predict and is unavailable without unreasonable efforts. In addition, the company believes such reconciliations would imply a degree of precision and certainty that could be confusing to investors. Such items could have a substantial impact on GAAP measures of BD's financial performance. We also present our estimated revenue and adjusted diluted EPS growth for our 2022 fiscal year after adjusting for the anticipated impact of foreign currency translation. BD believes that this adjustment allows investors to better evaluate BD's anticipated underlying earnings performance for our 2022 fiscal year in relation to our underlying 2021 fiscal year performance.

Conference Call and Presentation Materials

BD will host an audio webcast today for the public, investors, analysts, and news media to discuss its third quarter results. The audio webcast will be broadcast live on BD's website, www.bd.com/investors at 8 a.m. (ET) Thursday, August 4, 2022. Accompanying slides will be available on BD's website, www.bd.com/investors at approximately 6:30 a.m. (ET). The conference call will be available for replay on BD's website, www.bd.com/investors. Alternatively, you can dial into the replay at 1-800-839-3012 (domestic) and 1-402-220-7232 (international) through the close of business on Thursday, Aug. 11, 2022. A confirmation number is not needed to access the replay.

Non-GAAP Financial Measures/Financial Tables

This news release contains certain non-GAAP financial measures. These include revenue growth rates on a currency-neutral basis, adjusted diluted earnings per share, base revenue and organic revenue. These non-GAAP financial measures are not in accordance with generally accepted accounting principles in the United States. BD management believes that the use of non-GAAP measures to adjust for items that are considered by management to be outside of BD's underlying operational results or that affect period to period comparability helps investors to gain a better understanding of our performance year-over-year, to analyze underlying trends in our businesses, to analyze our base operating results, and understand future prospects. Management uses these non-GAAP financial measures to measure and forecast the company's performance, especially when comparing such results to previous periods or forecasts. We believe presenting such adjusted metrics provides investors with greater transparency to the information used by BD management for its operational decision-making and for comparison for other companies within the medical technology industry. Although BD's management believes non-GAAP results are useful in evaluating the performance of its business, its reliance on these measures is limited since items excluded from such measures may have a material impact on BD's net income, earnings per share or cash flows calculated in accordance with GAAP. Therefore, management typically uses non-GAAP results in conjunction with GAAP results to address these limitations. BD strongly encourages

investors to review its consolidated financial statements and publicly filed reports in their entirety and cautions investors that the non-GAAP measures used by BD may differ from similar measures used by other companies, even when similar terms are used to identify such measures. Non-GAAP measures should not be considered replacements for, and should be read together with, the most comparable GAAP financial measures.

We present adjusted diluted earnings per share for the third fiscal quarter and the first nine months of fiscal year 2022, and the corresponding prior periods, after eliminating items we believe are not part of our ordinary operations and affect the comparability of the periods presented. We also present adjusted diluted earnings per share for the full 2021 fiscal year. Adjusted diluted earnings per share includes adjustments for the impact of purchase accounting adjustments, integration and restructuring costs, spin related charges, certain transaction gains and losses, certain legal defense and product remediation costs, certain regulatory costs, certain investment gains and losses, certain asset impairment costs, and the impact of the extinguishment of debt. In particular, current and prior-year adjusted diluted earnings per share results exclude European regulatory initiative-related costs, which represent costs incurred to develop processes and systems to establish initial compliance with the European Union Medical Device Regulation and the European Union In Vitro Diagnostic Medical Device Regulation (collectively, the “New EU Medical Devices Regulations”), which represent a significant, unusual change to the existing regulatory framework. We consider the excluded European regulatory initiative-related costs to be duplicative of previously incurred costs and/or one-off costs related to establishing initial compliance with such regulatory regimes, and in each case are limited to a specific period of time. These expenses relate to establishing initial compliance with the New EU Medical Devices Regulations and include the cost of labor, other services and consulting (in particular, research and development and clinical trials) and supplies, travel and other miscellaneous costs. These costs were recorded in *Cost of products sold* and *Research and development expense*.

We also present revenue growth rates for the third fiscal quarter and the first nine months of fiscal year 2022 over the corresponding prior periods on a currency-neutral basis after eliminating the effect of foreign currency translation, where applicable. We also show the growth in adjusted diluted earnings per share compared to the prior year period after eliminating the impact of foreign currency translation to further enable investors to evaluate BD’s underlying earnings performance compared to the prior period. We calculate foreign currency-neutral percentages by converting our current-period local currency financial results using the prior period foreign currency exchange rates and comparing these adjusted amounts to our current-period results. As exchange rates are an important factor in understanding period-to-period comparisons, we believe the presentation of results on a foreign currency-neutral basis in addition to reported results helps improve investors’ ability to understand our operating results and evaluate our performance in comparison to prior periods.

Reconciliations of these and other non-GAAP measures to the comparable GAAP measures are included in the attached financial tables. Within the attached financial tables presented, certain columns and rows may not add due to the use of rounded numbers. Percentages and earnings per share amounts presented are calculated from the underlying amounts.

About BD

BD is one of the largest global medical technology companies in the world and is advancing the world of health by improving medical discovery, diagnostics and the delivery of care. The company supports the heroes on the frontlines of health care by developing innovative technology, services and solutions that help advance both clinical therapy for patients and clinical process for health care providers. BD and its 75,000 employees have a passion and commitment to help enhance the safety and efficiency of clinicians’ care delivery process, enable laboratory scientists to accurately detect disease and advance researchers’ capabilities to develop the next generation of diagnostics and therapeutics. BD has a presence in virtually every country and partners with organizations around the world to address some of the most challenging global health issues. By working in close collaboration with customers, BD can help enhance outcomes, lower costs, increase efficiencies, improve safety and expand access to health care. For more information on BD, please visit bd.com or connect with us on LinkedIn at www.linkedin.com/company/bd1/ and Twitter @BDandCo.

This press release contains certain estimates and other forward-looking statements (as defined under Federal securities laws) regarding BD's future prospects and performance, including, but not limited to, future revenues and earnings per share. All such statements are based upon current expectations of BD and involve a number of business risks and uncertainties. Actual results could vary materially from anticipated results described, implied or projected in any forward-looking statement. With respect to forward-looking statements contained herein, a number of factors could cause actual results to vary materially. These factors include, but are not limited to, risks relating to any impact of the current disruptions in the global supply chain on our operations, including our ability to source raw materials and components needed to manufacture our products and inflationary pressures; the possible impact of the COVID-19 pandemic on our business and the global healthcare system (including decreases in the demand for our products, disruptions to our operations or the operations of our suppliers and customers (including the impact of employee absenteeism) and our supply chain, and factors such as vaccine utilization rates, the rate of infections, the emergence of new variants and competitive factors that could impact the demand and pricing for our COVID-19 diagnostics testing); product efficacy or safety concerns resulting in product recalls or actions being taken with respect to our products; new or changing laws and regulations impacting our business (including the imposition of tariffs, changes in tax laws, new environmental laws and regulations, or changes in laws impacting international trade) or changes in enforcement practices with respect to such laws; labor shortages and increased labor costs; our suppliers' ability to provide products needed for our operations and BD's ability to maintain favorable supplier arrangements and relationships; legislative or regulatory changes to the U.S. or foreign healthcare systems, potential cuts in governmental healthcare spending (including China's volume-based procurement tender process) or governmental or private measures to contain healthcare costs, including changes in pricing and reimbursement policies, each of which could result in reduced demand for our products or downward pricing pressure; changes in interest or foreign currency exchange rates; adverse changes in regional, national or foreign economic conditions, including inflation, deflation and fluctuations in interest rates, particularly in emerging markets, including any impact on our ability to access credit markets and finance our operations; the adverse impact of cyber-attacks on our information systems or products; competitive factors including technological advances and new products introduced by competitors; risks relating to our overall indebtedness; interruptions in our manufacturing or sterilization processes; pricing and market pressures; difficulties inherent in product development, delays in product introductions and uncertainty of market acceptance of new products; adverse changes in geopolitical conditions; increases in energy costs and their effect on, among other things, the cost of producing BD's products; the remediation of our infusion pump business (including risks relating to our ability to obtain regulatory clearance and market acceptance of the BD Alaris™ System); our ability to achieve our projected level or mix of product sales; our ability to successfully integrate any businesses we acquire; uncertainties of litigation and/or investigations and/or subpoenas (as described in BD's filings with the Securities and Exchange Commission ("SEC")); and the issuance of new or revised accounting standards, as well as other factors discussed in BD's filings with the SEC. In addition, we have made certain assumptions in making these forward-looking statements, particularly regarding the COVID-19 pandemic, supply chain pressures and inflation. If any of these assumptions are incorrect, BD's actual results could differ materially from those described in these forward-looking statements. The Russia and Ukraine conflict may also heighten the impact of certain of these factors described above as well as other factors discussed in BD's filings with the SEC. We do not intend to update any forward-looking statements to reflect events or circumstances after the date hereof except as required by applicable laws or regulations.

(1) Includes amortization and other adjustments related to the purchase accounting for acquisitions.

(2) Represents costs associated with acquisition-related integrations and expenses associated with restructuring activities, such as simplification and cost saving initiatives.

(3) Represents costs recorded to *Other operating expense (income), net* and incurred in connection with the separation of BD's former Diabetes Care business.

(4) The amount in 2022 represents a charge of \$6 million recorded to *Cost of products sold* to adjust the estimate of future product remediation costs. The amount in 2021 includes a gain of \$88 million on a sale-leaseback transaction which was recorded to *Other operating expense (income), net*.

(5) Represents costs incurred to develop processes and systems to establish initial compliance with the European Union Medical Device Regulation and the European Union In Vitro Diagnostic Medical Device Regulation, which represent a significant, unusual change to the existing regulatory framework. We consider these costs to be duplicative of previously incurred costs and/or one-off costs, which are limited to a specific period of time. These expenses, which are recorded in *Cost of products sold* and *Research and development expense*, include the cost of labor, other services and consulting (in particular, research and development and clinical trials) and supplies, travel and other miscellaneous costs.

(6) Includes non-cash (gains) losses recorded within *Other expense, net* relating to certain investments.
